Frequently Asked Questions

Is there an age limit?

No strict limit, but Express Entry age points drop after 30 and hit zero by 45. Older applicants may require a job offer or business pathway.

How long does it take?

Express Entry: ~6 months post-submission.
PNP: 12–18 months (Two-step process).

Do I need a job offer?

Not necessarily. The Federal Skilled Worker program allows entry based purely on human capital scores (Education, Language, Experience).

Is healthcare free?

Yes, for Permanent Residents, but waiting periods apply (approx. 3 months).

The Cost of Error

Why precision is your most valuable asset.

The Complexity: Immigration rules change frequently.

The Risk: A single error in your National Occupational Classification (NOC) code or points calculation can lead to:

1. **Application Refusal**
2. **5-Year Ban** for Misrepresentation

The DIS Advantage: Dara Immigration Services aligns your strategy with federal targets and provincial shortages, moving beyond simple paperwork.

Secure Your Future

Your investment requires a comprehensive strategy.

From financial forecasting to regional selection, the journey requires a blueprint, not just an application.
